

ROYAL

The world-wide standard Baking Powder

Absolutely Pure

Royal Baking Powder is the embodiment of all the excellence possible to be attained in the highest class baking powder and its use is more economical than other leavening agents, because of the superlative quality and absolute wholesomeness of the food it makes.

Cheap baking powders, containing alum, are frequently distributed from door to door, or advertised as pure and wholesome. Such mixtures are not desirable for food ingredients. Most persons have learned to their sorrow that a low price does not always mean economy. This is especially so in a food article. No baking powder can properly be substituted for Royal.

Read the ingredient clause upon the label. If it does not show "Cream of Tartar," don't buy the powder.

JORDAN DEFEATS ALL HALLOWS BOYS

Salt Lake, Nov. 8.—The All Hallows college football team of Salt Lake was defeated yesterday afternoon by Coach Dutton's Jordan eleven in a fast game, by the score of 48 to 0. The game was played in Sandy.

The All Hallows college boys were outwitted, but showed a fighting spirit and were playing hard at the finish. This was the first game which the Salt Lake school has played in several years with a high school team. With a little more experience and more weight in the line they should prove a contender for the scholastic championship.

The game was featured by many long runs by the Jordan men. Ross Vincent, the whirlwind fullback, received a punt on his own ten-yard line and ran through a broken field ninety yards for a touchdown. This run was the longest ever seen on the Sandy field. One of the Jordan linemen intercepted a forward pass and ran seventy yards to a touchdown. The remainder of the points were made on line kicks. No attempt was made to kick goals from the field.

The All Hallows boys made some gains, but lacked the necessary punch to send the ball across. Many times Vincent broke through the All Hallows line and tackled the back for a large loss. Jordan showed a vast improvement in their interference.

Sheriff did the punting for All Hallows, while Vincent punted for Jordan. Jordan did not do much kicking, except in a few tight holes. Sheriff made two long punts that put the Salt Lake goal out of danger for a time.

The backfield of the All Hallows played well, as did Owen in the line.

The All Hallows college team is eager to get games with some of

the local high schools. It is possible that they will play the Salt Lake high school team next week.

The lineup:
Jordan..... All Hallows.
Ferguson..... Conkright
Gardner..... Callahan
Jensen..... Campbell
Jorgensen..... Little
Robertson..... Owen
Greene..... Sullivan
Thompson..... Ryan
Berette..... Young
Despain..... Christensen
Vincent..... Riley
Greer..... Sherrill

ANACONDA ACQUIRES OLD NETTIE PROPERTY

Butte, Nov. 7.—The Nettie mine, one of the oldest in the Butte district, has passed into the possession of the Anaconda company. A large amount of development work has been done and there are several miles of working in the old mine. It was a silver producer in the old days and for many years furnished a manganese flux for the Colorado smelter. Having been closed down for thirteen years, the shaft is undoubtedly in a bad condition and will require extensive repairs. The levels are full of water and several weeks will be required to do the unwatering. It is thought that by the first of the year the property will be ready for operation.

TO RESUME WORK IN BUTTE-BALAKLAVA

Butte, Nov. 7.—There is reason to believe that the mining operations will be resumed at the Butte-Balaklava within a short time, now that the litigation with the Anaconda company has been settled. All the time the mine was closed down a crew has been maintained keeping the shaft clear of water, so that work can be started up without any delay. When the injunction was obtained the Butte-Balaklava company was shipping some high-grade ore, and it was over the ownership of the ground from which this ore was being extracted that the dispute arose. The company was making a good profit and paid one dividend of 50 cents a share.

SMALL BOY STRUCK BY AN AUTOMOBILE

Salt Lake, Nov. 8.—Daly Whitney, 11 years of age, son of J. R. Whitney of 225 West Second North street, was run down by an auto while at play at the intersection of Second West and First North streets shortly before 6 o'clock last evening and was painfully injured. He was picked up by W. F. Corbett, who was driving the auto that struck him, and taken immediately to St. Mark's hospital. As there was no evidence of serious injury, the boy was taken from the hospital to his home by Mr. Corbett.

According to the driver of the automobile, who reported the accident to person at police headquarters, the boy ran in front of the machine as he dodged out unexpectedly from between two wagons, which the auto had turned out to pass. While the boy was unconscious for a short time after the accident, he was feeling better last night and it is not thought that serious results will follow from the blow on his head. Dr. Ralph Richards, who attended him at the home, said, however, that possible danger of a seizure made it impossible to say last night just what might prove to be the extent of the boy's injury.

SAVES HIS WATCH BY PRESENCE OF MIND

Salt Lake, Nov. 7.—Held up by a negro with a revolver and robbed of \$11 while walking near Pioneer park, in company with a woman friend, at 10 o'clock last night, H. W. Reed,

of 760 East First South street saved a valuable watch by his presence of mind.

The negro had taken a few small coins from the pockets of the woman's coat and the purse containing the \$11 from Reed's pocket. As the black man's hand began exploring near the place where Reed carried a handsome gold watch, doubly valued because of its being a present from his father, Reed started the negro by turning confederate so far as appearance went.

"There comes a man," warned Reed. "Look out or you will be caught." The negro looked around long enough to see that the man he was robbing was telling the truth and dashing away, soon lost himself in the darkness. Reed reported the robbery to the police, and gave a description of the holdup, but expressed himself as well satisfied to save his watch.

CELEBRATES SCHOOL ANNIVERSARY

Provo, Nov. 7.—The Maeser school pupils and teachers celebrated Maeser day, the fifteenth anniversary of the opening of the school, today, with a parade through the streets by the children in the forenoon. Stops were made at the homes and places of business of the board of trustees and at the home of Colonel C. E. Loose, who, years ago, gave the Maeser school an extensive playground, and enthusiastic greetings were given by the children. Interesting programs were rendered in the school in the afternoon and evening, the afternoon exercises being attended by all the children, while those in the evening were especially for the parents and patrons of the school.

BICYCLE COLLIDES WITH AUTOMOBILE

Salt Lake, Nov. 8.—While riding a bicycle south on Main street, Fredrick Bark, 37 years of age, with a copy of the Utah Ornamental Iron Works, collided with an automobile at the Sixth South street intersection shortly after 8 o'clock last evening and was painfully injured.

The automobile was driven by John Peterson of 24 West North Temple street. The accident occurred when Peterson, going north on Main, turned into Sixth South street. Bark attempted to dash past ahead of the auto and was caught. He was picked up and taken to the emergency hospital at police headquarters by Peterson. Dr. H. B. Sprague found that he had suffered a severe scalp wound on the right side of the head and a fracture of the right clavicle. Bark could not talk English, having arrived here but a few weeks ago from Germany.

After his injuries had been attended to, Bark was taken to his home, 1028 Park street, by the driver of the auto that struck him. Until someone was found who could talk German to the injured man, it was thought that the blow on his head had deprived him of the power of speech, as he stared blankly in response to all remarks addressed to him in English.

JORDAN CONVICTED

Price, Nov. 7.—In the district court today, "Red" Jordan, on trial for assault with a deadly weapon with intent to kill, was found guilty and fined \$150. The cases of Gwilym Jones, ex-county clerk, and William Snyder, ex-county treasurer, both of whom are charged with embezzling county funds, were put over until the next term of court. A few civil cases were heard, after which the jury was excused and court adjourned until November 24.

EXCITEMENT IN CASE RUNS HIGH

Beiliss Counsel Makes Touching Defense — Accuses Woman of Murder.

Kiev, Nov. 8.—The prosecution yesterday finished its arguments for the conviction of Mendel Beiliss, on trial for the murder of Andre Yushinsky, and the opening address for the defense was made by M. Maklakow, a brother of the minister of the interior. M. Grossenberg, the only Jew among counsel for Beiliss, was to have made the opening address, but at the last moment it was decided that Maklakow might have more effect upon the jury on account of his being a Christian.

The excitement is growing as the trial nears the close and the tension has almost reached the breaking point. All unbiased persons who have attended the trial are of the opinion that Beiliss should be acquitted, but there is considerable pessimism as to the outcome, many holding that Beiliss was convicted before he entered the courtroom.

A great crowd gathered at the court this morning and the room was packed to suffocation with scores of fashionable men and women, the latter in the majority. In order to avoid interruptions the president of the court ordered all doors closed. The heat soon became so oppressive that several women fainted and Beiliss came near collapsing.

In his opening remarks M. Maklakow promised the jury that he would make his address without passion and regretted that M. Wipper, counsel for the prosecution, had broken his promise in this respect. The attorney made a magnificent attempt to quench the fierce flames of anti-Semitism which was aroused by the prosecution.

Woman is Accused.—He maintained that Beiliss was completely innocent of the crime, and said if the police would follow the trail laid bare during the trial they would find sufficient evidence to set Beiliss free without a trial and Vera Cheberyak would be placed in the dock.

A majority of those in the courtroom were in tears when Maklakow told the jury how Vera Cheberyak's little son, who was supposed to know the identity of the murderer of the Yushinsky boy, refused with his dying breath to bear witness that his mother was innocent.

Maklakow charged the Black Hundred with furthering the trial in an attempt to prove the Jews unfit to live among the Christians.

UNION PACIFIC TIED UP WITH SAN PEDRO

Omaha, Neb., Nov. 7.—Southern California is now to have real railroad competition, according to Judge R. S. Lovett, chairman of the board of the Harriman railroads. In connection with the Salt Lake route, the Union Pacific is going after all southern California traffic in competition with Southern Pacific lines. Judge Lovett was in Omaha today, en route to New York from a month's trip through the Harriman territory of the west.

"Our lines in connection with the Salt Lake route, are going after southern California traffic," said Judge Lovett. "So far as San Francisco and central California business is concerned, we are friendly to Southern Pacific and will work with them through the Ogden Gateway. But in all traffic to and from Los Angeles and southern California points our interests are with the Clark line, and we are going to make an extra effort to get this traffic and will offer strong competition to any transportation company that gets into southern California."

PRETTY HOME WEDDING

Pocatello, Ida., Nov. 7.—One of the pretty weddings of the season took place here yesterday when Miss Gladys Buckingham, daughter of Mr. and Mrs. J. F. Buckingham, became the bride of Assistant City Engineer Jesse Howard Giles. The Rev. Mr. Van der Maaten performed the ceremony at the home of the bride. The bride was gown in soft white satin and lace. Miss Francis Whitley was bridesmaid and Claude Bistline was best man. Only immediate friends and relatives were present. The newly wedded couple will make their home in Pocatello in a new bungalow on South Sixth street.

BOYS TO TAKE "HIKE"

Provo, Nov. 7.—The boy scouts of the Utah stake Y. M. M. I. A. will gather on the tabernacle lawn tomorrow at 9 o'clock, to be lined up for a hike to the mountains.

OFFICIALS GO OVER LINE OF INTERURBAN

Salt Lake, Nov. 8.—Praise for the Salt Lake & Utah railway and for the country that it traverses, was expressed yesterday by members of the city commission and others, who were taken over the line of the company between here and Provo in automobiles. Two automobiles were filled with the guests, who were shown all the parts of the line between its two terminals by W. C. Orem and F. M. Orem, officials of the company.

BANKERS TO MEET IN CITY OF PRICE

In spite of the fact that some members of the Utah State Bankers' association had expressed doubt that Price would be able to accommodate delegates to a state convention, the members of the association executive board have shown their confidence in the little town as a convention city by deciding to hold the 1914 convention there in June. The invitation was extended by Price at the fifth annual convention held at Heber City last June. Discussing the decision, J. E. Shepard of Logan, secretary of the association, said last night:

"It is our custom to hold the annual convention in as many different towns as possible, in order to acquaint the members with the varied resources of Utah. We decided that Price had ample hotel and railroad facilities, so we accepted their invitation. There are four large hotels there, a good hall for the meetings and six trains daily."

The executive committee meeting was held at the Hotel Utah, Salt Lake.

FOR THANKSGIVING TIME
New Currants, Raisins, Nuts, Citron, Orange and Lemon Peel.
Apples, Sweet Apple Cider.
838 25th St. HARRIS GROCERY CO. Phones 2215-2216

Resolutions of sympathy for the family of George B. Greenwood, former director of the association, who died several months ago, were passed. Secretary Shepard reported that an invitation extended to Fred E. Farnsworth of New York City, general secretary of the American Bankers' association, to attend the convention, had been accepted. He also said that other prominent eastern bankers would be present.

Those present at the meeting were Frank Knox, president; H. E. Hatch of Logan, first vice president; John D. Dixon of Provo, second vice president; J. E. Shepard of Logan, secretary; Carl R. Marcussen, Price; Ralph E. Hoag, Ogden; Joel R. Parrish, Woods Cross; Charles S. Burton, Salt Lake. The decision as to the exact convention date was left to President Knox, Secretary Shepard and Mr. Marcussen.

FREIGHT TRAINS COLLIDE

Pocatello, Ida., Nov. 7.—Extra west-bound freight 1109, Conductor Hahn and Engineer Nelson in charge, struck extra eastbound freight 256, Conductor Corbett and Engineer Carney, in head-on collision near Shoshone yesterday. Several cars were derailed and some damage done to the engines. No one was seriously hurt. The accident was due to air not working properly, so that the trains could not be stopped in time. The tracks were cleared by the Glenns Ferry wrecker.

While cutting out the helper engines at Mendon on the Montana division yesterday, two helpers and a passenger engine were badly jammed, one engine being brought to Pocatello out of commission. No. 2 was delayed two hours.

CONVENTION PLANNED

Pocatello, Ida., Nov. 7.—At the meeting of the Commercial club last night plans were made for many new features for the social side of the club. The most important business was the decision to hold the convention here in January of the Idaho Seed Growers association. Vice President J. Wyle Sessions of the agricultural department of the Academy of Idaho was present and made an earnest plea for the holding of the convention in this city. A committee, composed of Messrs. Douglas, Gray and Murphy, was appointed on finance. Several leading agriculturists of the west will be present and lecture to the delegates. The attendance should be several hundred.

SUES FOR \$10,000

Eureka, Nov. 7.—Frank ("Frenchy") Azzala, a former resident of the Tintic district, who is now making his home at Lynn Junction, has just filed suit in the fifth judicial district against Edgar Nelson, Lee Finlayson, Joshua Finlayson and Charles Roper. Azzala wants damages in the sum of \$10,000 and alleges that his reputation and health suffered to that extent as a result of imprisonment without just cause through the efforts and coercion of the defendants, all of whom are residents of Murphy county. It is understood here that Azzala was arrested and locked up on a complaint which charged him with the unlawful sale of liquor.

PARENTS TO THE RESCUE

Pocatello, Ida., Nov. 7.—Six youths of the city were brought before the court of Judge Bell this morning charged with destroying property on Halloween. The complaining witness was Proprietor Hong of the Hong building, and the owner of the Crow hotel. The boys had battered the corner of the brick building, knocking out great holes in the brick and badly defacing the structure. Hong found the youngsters in time to identify them. On agreement of the parents to repair the building and pay damages the judge allowed the boys to go to their homes. Hong gave them a lecture on the seriousness of the affair.

BOYS TO TAKE "HIKE"

Provo, Nov. 7.—The boy scouts of the Utah stake Y. M. M. I. A. will gather on the tabernacle lawn tomorrow at 9 o'clock, to be lined up for a hike to the mountains.

We decided that Price had ample hotel and railroad facilities, so we accepted their invitation. There are four large hotels there, a good hall for the meetings and six trains daily."

The executive committee meeting was held at the Hotel Utah, Salt Lake.

the party expressed agreeable surprise at the evidence of fertility on every hand.

At Provo the party was met by the mayor, members of the city commission of Provo, and also the Utah county commissioners, an entertainment at luncheon at the Roberts hotel. Addresses were made expressive of the good fellowship existing between the people of Salt Lake City and Provo, and at the conclusion of the meeting those from Salt Lake City took a short route home.

The road is now being built at the rate of one mile a day, and will be ready for regular traffic by January 1, 1914, according to those in charge of the construction. Its opening will mean much to those along the line, according to those who took the trip yesterday and the road will undoubtedly prove a popular one.

FREIGHT INCREASES

Blackfoot, Idaho, Nov. 7.—The month just closed has shown a remarkable increase in freight of all kinds received and forwarded from this place. The total increase in tonnage over the corresponding month of last year is nearly 50,000,000 tons. The Oregon Short Line has already handled over 600,000 tons of sugar beets this fall, and there are thousands of tons piled along the tracks awaiting shipment. Nearly 800 carloads of potatoes have been handled from this point alone within the past ten months, and there are several hundred carloads awaiting shipment as soon as cars can be secured or when the price has met the approval of the producers. Most of the farmers have made storage cellars this summer and prepared for any contingency that may arise in the handling of the potato crop.

The Oregon Short Line has made extensive improvements in Blackfoot during the summer, including a fine new depot, a roundhouse and extensions in switches. There are several other necessary additions to the railroad facilities which are under way, making a total cost to the company of close to \$80,000. Blackfoot will soon be equipped with a railroad service second to none in the state. With the rapid increase in the volume of business from this point as the dry farming is developed, the shipping will tax even on the contemplated improvements.

William Marconi, the wireless inventor, has just figured in another automobile accident at Bologna, Italy. A previous smash cost him the loss of an eye.

NOTICE OF INTENTION

Notice is hereby given by the Board of Commissioners of Ogden City, Utah, of the intention of said Board to make the following described improvements, to-wit:

To create Ballantyne Avenue south from 20th Street to a point 165 feet north from 21st Street, where the city has gained jurisdiction as a sewer district, and to construct therein a pipe sewer together with the necessary manholes, and connect all with the manholes of the present sewer system, and to defray the whole of the cost thereof, estimated at \$122,000 by local assessment on the lots or pieces of ground lying and being within the following district, being the district to be benefited or affected by said improvements, viz:

All the land lying between the outer boundary lines of said Avenue included in the district and a line drawn 132 feet outward from said parallel to the said outer boundary lines. Said district to be assessed for the cost of putting in the sewer between 20th and 21st Street; also for securing the right-of-way for said sewer from 21st Street north a distance of 165 feet.

All protests and objections to the carrying out of such intention must be presented in writing to the City Recorder on or before the 22nd day of November, 1913, at 10 o'clock a. m., that being the time set by said Board of Commissioners when they will hear and consider such objections as may be made thereto, at the mayor's office at the City Hall, Ogden City, Utah.

By order of the Board of Commissioners of Ogden City, Utah.

Dated this 30th day of October, 1913.

A. G. FELL, Mayor.

H. J. CRAVEN, City Engineer.
